

Pipe and Drape

8 feet high (not adjustable), other heights available on larger orders by subrenting

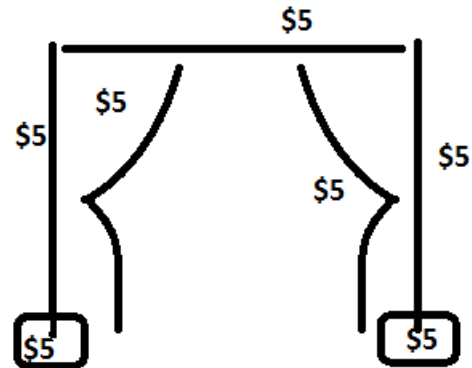

Crossbar telescopes from 6' to 8' to 10'

Black Drapes are \$4 each

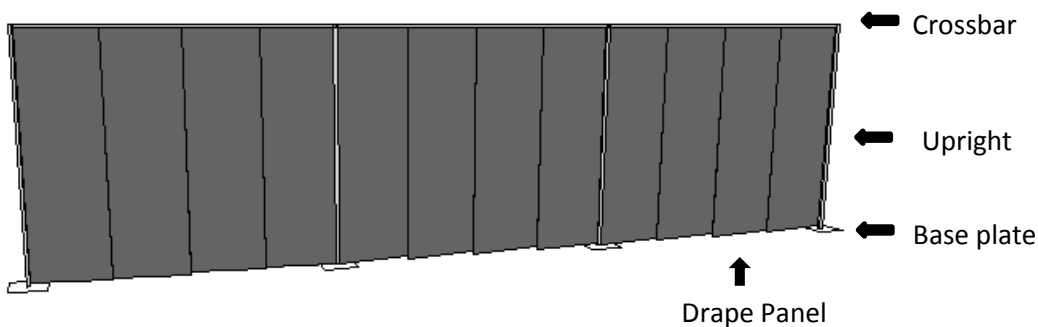

White Drapes are \$5 each

Other colours available

For each 6-8 foot section use 3 drape panels, for a 10 foot section use 4 drape panels

Uprights, Baseplates and Crossbars are \$5 each per piece.

Always check if the set-up is going to be 2 or more separate sections or all connected in 1 long line, even if there is a 90 degree bend in the line. It often helps to draw it out and then count the parts.

3 uprights have been cut to 7' for lower ceilings such as Beecher Place.
